**INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS**

**TO: THE SHAREHOLDERS OF AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY  
(A SAUDI JOINT STOCK COMPANY)**

**Introduction**

We have reviewed the accompanying interim condensed statement of financial position of Al Alamiya for Cooperative Insurance Company (the "Company") as at 30 June 2019, the related interim condensed statements of income and comprehensive income for the three month and six month periods then ended and interim condensed statements of changes in equity and cash flows for the six month period then ended and notes to the interim condensed financial statements. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

**Scope of review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

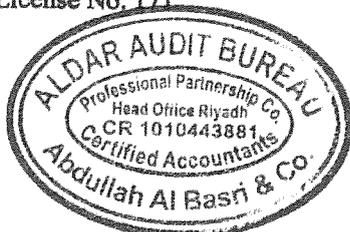

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements as at 30 June 2019 of Al Alamiya for Cooperative Insurance Company are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

# AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY (A SAUDI JOINT STOCK COMPANY)

## NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

### 1. ORGANISATION AND PRINCIPAL ACTIVITIES

Al Alamiya for Cooperative Insurance Company (“the Company”) is a Saudi Joint Stock Company registered on 29 Dhu-al Qu’dah, 1430H (17 November 2009) under commercial registration (CR) number 4030194978. The registered head office of the Company is in Riyadh under CR number of 1010287831 with branches in Jeddah (CR 4030194978) and Khobar (CR 2051042939). The registered address of the Company's head office is as follows:

Al Alamiya for cooperative insurance company  
Prince Mohammed bin Abdul Aziz Road,  
Home Centre Building, P.O. Box: 6393,  
Riyadh 11442, Kingdom of Saudi Arabia

The activities of the Company are to transact cooperative insurance and reinsurance operations and all related activities in accordance with the Law on Supervision of Cooperative Insurance Companies and its implementing regulations in the Kingdom of Saudi Arabia. On 26 Dhu Al Hijjah, 1430H (13 December 2009), the Company received the license from Saudi Arabian Monetary Authority (“SAMA”) to transact insurance business in the Kingdom of Saudi Arabia.

### 2. BASIS OF PREPERATION

#### (a) Basis of presentation

The interim condensed financial statements of the Company as at and for the period ended 30 June 2019 have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting (“IAS 34”) as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization of Certified Public Accountants (“SOCPA”).

The interim condensed financial statements of the Company as at and for the three month period ended 31 March 2019 and annual financial statement for the year ended 31 December 2018, respectively, were prepared in compliance with the IAS 34 and the International Financial Reporting Standards (“IFRS”) respectively, as modified by SAMA for the accounting of zakat and income tax (relating to the application of IAS 12 – “Income Taxes” and IFRIC 21 – “Levies” so far as these relate to zakat and income tax and the Regulations for Companies in the Kingdom of Saudi Arabia.

On 23 July 2019, SAMA instructed the insurance companies in the Kingdom of Saudi Arabia to account for the zakat and income taxes in the statement of income. This aligns with the IFRS and its interpretations as issued by the International Accounting Standards Board (“IASB”) and as endorsed in the Kingdom of Saudi Arabia (collectively referred to as “IFRS” as endorsed in KSA”).

Accordingly, the Company changed its accounting treatment for zakat and income tax by retrospectively adjusting the impact in line with International Accounting Standard 8 Accounting Policies, Changes in Accounting Estimates and Errors (as disclosed in note 3) and the effects of this change are disclosed in note 12 to the interim condensed financial statements.

At the interim condensed financial statement are prepared under the going concern basis and the historical cost convention, except for the measurement at fair value of available for sale investments. The Company’s interim condensed statement of financial position is not presented using a current/non-current classification. However, the following balances would generally be classified as current: cash and cash equivalents, term deposits, premiums and reinsurers’ receivable, net, re insurance share of unearned premiums, reinsurance share of outstanding claims, deferred policy acquisition costs, deferred excess of loss premiums, prepaid expenses and other assets and investments with the exception of available for sale investments in insurance operations. The following balances would generally be classified as non-current property and equipment, statutory deposit, accrued interest on statutory deposit and available for sale investments in insurance operations.

**AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY  
(A SAUDI JOINT STOCK COMPANY)**

**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**

For the three and six month periods ended June 30, 2019

**2. BASIS OF PREPERATION (CONTINUED)**

**(a) Basis of presentation (continued)**

As required by the Saudi Arabian Insurance Regulations, the Company maintains separate books of accounts for Insurance Operations and Shareholders' Operations and presents the financial statements accordingly. Assets, liabilities, revenues and expenses clearly attributable to either activity are recorded in the respective accounts.

The interim condensed statement of financial position, statement of income and statement of comprehensive income and cash flows of the insurance operations and shareholders operations which are presented in note 15 of the financial statement have been provided as supplementary financial information and to comply with the requirements of the guidelines issued by SAMA implementing regulations. SAMA implementing regulations requires the clear segregation of the assets, liabilities, income and expenses of the Insurance Operations and the Shareholders Operations. Accordingly, the interim condensed statements of financial position, statements of income, comprehensive income and cash flows prepared for the insurance operations and shareholders operations as referred below in note 15 reflect only the assets, liabilities, income, expenses and comprehensive gains or losses of the respective operations.

In preparing the Company-level financial information in compliance with IFRS, the balances and transactions of the insurance operations are amalgamated and combined with those of the shareholders' operations. Interoperation balances, transactions and unrealised gains or losses, if any, are eliminated in full during amalgamation. The accounting policies adopted for the Insurance Operations and Shareholders Operations are uniform for like transactions and events in similar circumstances. Surplus from insurance operations' and actuarial reserves from employee benefits are shown separately as Insurance Operations' Surplus in the statement of financial position.

The Company is required to distribute 10% of the net surplus from insurance operations to policyholders and the remaining 90% is to be allocated to the shareholders of the Company in accordance with the Insurance Law and Implementation Regulations issued by the Saudi Arabian Monetary Authority ("SAMA"). Any deficit arising on insurance operations is transferred to the shareholders' operations in full.

The interim condensed financial information do not include all of the information required for full annual financial information and should be read in conjunction with the annual financial information as of and for the year ended December 31, 2018.

These interim condensed financial statements are expressed in Saudi Arabian Riyals (SAR) and are rounded off to the nearest thousands.

**(b) Critical accounting judgments, estimates and assumptions**

The preparation of interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed financial information, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty including the risk management policies were the same as those that were applied to the annual financial statement as at and for the year ended 31 December 2018.

**(c) Seasonality of operations**

The Company operates in an industry where significant seasonal or cyclical variations in operating income are experienced during the financial year.

# AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY (A SAUDI JOINT STOCK COMPANY)

## NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

### 3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2018, except for the changes explained below:

#### *Change in the accounting for zakat and income tax:*

As mentioned above, the basis of preparation has been changed for the period ended 30 June 2019 as a result of the issuance of latest instructions from SAMA dated 23 July 2019. Previously, zakat and income tax were recognized in the statement of changes in equity as per the SAMA circular no 381000074519 dated 11 April 2017. With the latest instructions issued by SAMA dated 17 July 2019, the zakat and income tax shall be recognized in the statement of income. The Company has accounted for this change in the accounting for zakat and income tax retrospectively and the effects of the above change are disclosed in note 12 to the interim condensed financial statements. The change has resulted in reduction of reported income of the Company for the period ended 30 June 2018 by SR 4.6 million. The change has had no impact on the statement of cash flows for the period ended 30 June 2018.

#### *Income tax:*

The income tax expense or credit for the period is the tax payable on the current period's taxable income, based on the applicable income tax rate for each jurisdiction, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Adjustments arising from the final income tax assessments are recorded in the period in which such assessments are made.

#### *IFRIC Interpretation 23 Uncertainty over Income Tax Treatment*

The Interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of IAS 12 Income Taxes. It does not apply to taxes or levies outside the scope of IAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The Interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately.
- The assumptions an entity makes about the examination of tax treatments by taxation authorities.
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.
- How an entity considers changes in facts and circumstances.

An entity has to determine whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty needs to be followed.

The Company applies significant judgement in identifying uncertainties over income tax treatments. Since the Company operates in a complex multinational environment, it assessed whether the Interpretation had an impact on its interim condensed financial statements.

Upon adoption of the Interpretation, the Company considered whether it has any uncertain tax positions, particularly those relating to transfer pricing. The Company's and the subsidiaries' tax filings in different jurisdictions include deductions related to transfer pricing and the taxation authorities may challenge those tax treatments. The Company determined, based on its tax compliance and transfer pricing study, that it is probable that its tax treatments (including those for the subsidiaries) will be accepted by the taxation authorities. The Interpretation did not have an impact on the interim condensed financial statements of the Company.

# AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY (A SAUDI JOINT STOCK COMPANY)

## NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *Deferred income tax:*

Deferred income tax is provided using the liability method on temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and amounts used for the taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amounts of assets and liabilities using the tax rates enacted or substantively enacted at the reporting date. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available and the credits can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefits will be realized.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in foreign operations where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in statement of income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised.

#### *Zakat:*

The Company is subject to Zakat in accordance with the regulations of the General Authority of Zakat and Income Tax ("GAZT"). Zakat expense is charged to the statement of income. Zakat is not accounted for as income tax and as such no deferred tax is calculated relating to zakat.

#### *Adoption of IFRS 16 Leases*

The Company adopted IFRS 16 using the modified retrospective approach. The Company elected to apply the standard to contracts that were previously identified as leases applying IAS 17 and IFRIC 4. The Company elected to use the exemptions proposed by the standard regarding lease contracts for which the lease term ends within 12 months of the date of initial application, and lease contracts for which the underlying asset is of low value. The Company has performed an assessment of IFRS 16 and determined the difference as compared to IAS 17 and IFRIC 4 is not material to the Company's financial statements as a whole.

The details of new significant accounting policy and the nature are set out below.

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a term of 12 months or less.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental commission rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- Amounts expected to be payable under any residual value guarantee;
- The exercise price of any purchase option granted in favour of the Company if it is reasonable certain to assess that option;
- Any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY  
(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

*Adoption of IFRS 16 Leases (continued)*

'Right of use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- Initial direct costs incurred; and
- The amount of any provision recognised where the Company is contractually required to dismantle, remove or restore the leased asset (typically leasehold dilapidations).

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

'When the Company revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lessee extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted at the same discount rate that applied on lease commencement. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term.

*Standards issued but not yet effective*

In addition to the above-mentioned standards, the following standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's condensed financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective. Further, the Company has chosen not to early adopt the amendments and revisions to the International Financial Reporting Standards, which have been published and are mandatory for compliance for the Company with effect from future dates.

*IFRS 9 Financial Instruments*

The implementation of IFRS 9 is expected to result in a significant portion of financial assets currently classified as available-for-sale being re-classified as at fair value through profit or loss or fair value through other comprehensive income (OCI). Credit allowances for financial assets carried at amortized cost and debt securities measured at fair value, with changes in fair value recognized in OCI, are expected to increase due to the introduction of the expected credit loss methodology. The Company will avail of the exemptions available to insurers and is considering deferring the implementation of IFRS 9 until a later date, but no later than January 1, 2021. The impact of the adoption of IFRS 9 on the Company's financial information will, to a large extent, have to take into account the interaction with the forthcoming insurance contracts standard. At the date of publication of these financial statements, it was not practicable to quantify what the potential impact would be on the financial statements once IFRS 9 will be adopted.

*IFRS 17 - Insurance Contracts*

IFRS 17 'Insurance contracts' was published on May 18, 2017 with the effective date of 1 January 2022. IFRS 17 provides comprehensive guidance on accounting for insurance contracts and investment contracts with discretionary participation features. For non-life and short-term life insurance contracts IFRS 17 introduces mandatory discounting of loss reserves as well as a risk adjustment for non-financial risk, for which confidence level equivalent disclosure will be required. Further, IFRS 17 will change the presentation of insurance contract revenue, as gross premiums written will no longer be presented in profit or loss. At the date of publication of these financial statements, it was not practicable to quantify what the potential impact would be on the financial statements once IFRS 17 will be adopted.

6. INVESTMENTS

Investments are classified as follows:

SAR'000	June 30, 2019 (Unaudited)	December 31, 2018 (Audited)
Available for sale investments – Insurance operations *	1,923	1,923
Available for sale investments – Shareholders' operations	130,341	91,059
<b>Total available for sale investments</b>	<b>132,264</b>	<b>92,982</b>

\* This represents an investment in respect of the Company's shareholding in Najm for Insurance Services which provides loss determination services for motor class. This investment has been carried at cost in the absence of an active market or other means of reliably measuring its fair value. There has been no movement in this investment between the period ended 30 June 2019 and during the year ended 31 December 2018.

Movement in the investment balance for shareholders' operations is as follows:

SAR'000	Shareholders' operations	
	June 30, 2019 (Unaudited)	December 31, 2018 (Audited)
Opening balance	91,059	75,355
Purchases	35,945	44,564
Maturities	--	(27,750)
Amortization of investments	10	(301)
Changes in fair value of investments	3,327	(809)
<b>Closing balance</b>	<b>130,341</b>	<b>91,059</b>

The geographical split of investments held as available for sale comprise of sukuks/bonds issued by Government of Kingdom of Saudi Arabia and GCC (Gulf Cooperation Council) based companies through international stock exchanges.

These investments include Bonds and Sukuks amounting to SAR 29.1 million which are maturing in the next twelve months.

The cumulative unrealized gain in fair value of available for sale investments amounts to SR 1.7 million (31 December 2018: loss of SR 1.67 million) is presented with in the shareholders' equity in the statement of financial position.

7. TECHNICAL RESERVES

7.1 NET OUTSTANDING CLAIMS AND RESERVES

Net outstanding claims and reserves comprise of the following:

SAR'000	Insurance operations	
	June 30, 2019 (Unaudited)	December 31, 2018 (Audited)
Outstanding claims	107,624	107,034
Less: Realizable value of salvage and subrogation	(23,206)	(21,314)
Outstanding claims reserve	84,418	85,720
Claims incurred but not reported	35,040	46,357
Other technical reserves	474	693
	119,932	132,770
Less:		
- Reinsurers' share of outstanding claims	(52,131)	(44,355)
- Reinsurers' share of claims Incurred but not reported	(8,436)	(8,230)
	(60,567)	(52,585)
<b>Net outstanding claims and reserves</b>	<b>59,365</b>	<b>80,185</b>

7.2 MOVEMENT IN UNEARNED PREMIUMS

Movement in unearned premiums comprise of the following

SAR'000	Six months ended June 30, 2019 (Unaudited)		
	Gross	Reinsurance	Net
Balance as at the beginning of the period	112,473	(56,537)	55,936
Premium written during the period	112,809	*(50,796)	62,013
Premium earned during the period	(130,423)	66,291	(64,132)
Balance as at the end of the period	94,859	** (41,042)	53,817

\* This amount includes SR 44.4 million for reinsurance premium ceded abroad, SR 1.6 million for reinsurance premium ceded locally and SR 4.8 million for excess of loss expenses.

SAR'000	Three months period ended June 30, 2019 (Unaudited)		
	Gross	Reinsurance	Net
Balance as at the beginning of the period	117,554	(55,974)	61,580
Premium written during the period	41,297	*(18,386)	22,911
Premium earned during the period	(63,992)	33,318	(30,674)
Balance as at the end of the period	94,859	** (41,042)	53,817

\* This amount includes SR 17.7 million for reinsurance premium ceded abroad, SR 0.7 million for reinsurance premium ceded locally and Nil for excess of loss expenses.

\*\*This amount includes SR 38.9 million for Reinsurers' share of unearned premiums and SR 2.1 million for Deferred excess of loss premiums.

(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

7.2 MOVEMENT IN UNEARNED PREMIUMS (CONTINUED)

SAR'000	Year ended December 31, 2018 (Audited)		
	Gross	Reinsurance	Net
Balance as at the beginning of the year	100,103	(49,140)	50,963
Premium written during the year	293,533	*(136,111)	157,422
Premium earned during the year	(281,163)	128,714	(152,449)
Balance as at the end of the year	112,473	(56,537)	55,936

\* This amount includes SR 125.3 million for reinsurance premium ceded abroad, SR 3.2 million for reinsurance premium ceded locally and SR 7.7 million for excess of loss expenses.

8. COMMITMENTS AND CONTINGENCIES

a) The Company's commitments and contingencies are as follows:

SAR'000	June 30, 2018	December 31, 2018
	(Unaudited)	(Audited)
Letters of guarantee	700	700
Commitments for the rents	53	186
<b>Total</b>	<b>753</b>	<b>886</b>

b) The Company is subject to legal proceedings in the ordinary course of business. While it is not practicable to forecast or determine the final results of all pending or threatened legal proceedings, management believes that such proceedings (including litigations) will not have a material effect on its results and financial position. The Company did not have any significant outstanding legal proceedings as at the reporting date. There was no change in the status of legal proceedings as disclosed in the annual financials of December 31, 2018.

9. FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction takes place either:

- in the accessible principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous accessible market for the asset or liability

The fair values of on-balance sheet financial instruments are not significantly different from their carrying amounts included in the interim condensed financial information.

**Determination of fair value and fair value hierarchy**

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: quoted prices in active markets for the same or identical instrument that an entity can access at the measurement date;

Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data; and

Level 3: valuation techniques for which any significant input is not based on observable market data.

AL ALAMIYA FOR COOPERATIVE INSURANCE COMPANY  
(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

9. FAIR VALUES OF FINANCIAL INSTRUMENTS

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation to fair value.

SAR'000s June 30, 2019	Carrying value	Fair value			Total
		Level 1	Level 2	Level 3	
<u>Shareholders' operations</u>					
Available for sale investments measured at fair value					
Bonds and Sukuks	130,341	130,341	--	--	130,341
<u>Insurance Operations</u>					
Najm	1,923	--	--	1,923	1,923
	132,264	130,341	--	1,923	132,264

SAR'000s December 31, 2018	Carrying value	Fair value			Total
		Level 1	Level 2	Level 3	
<u>Shareholders' operations</u>					
Available for sale investments measured at fair value					
Bonds and Sukuks	91,059	91,059	--	--	91,059
<u>Insurance Operations</u>					
Najm	1,923	--	--	1,923	1,923
	92,982	91,059	--	1,923	92,982

The unlisted security of SR 1.92 million (2018: SR 1.92 million) held as part of Company's insurance operations, were stated at cost in the absence of active markets or other means of reliably measuring their fair value.

During the period ended 30 June 2019, there were no transfers into or out of level 3 fair value measurements. To determine the fair value of such investments, management used a valuation technique in which all significant inputs were based on observable market data. There were no transfers from Level 1 to Level 2 during the period ended 30 June 2019.

(A SAUDI JOINT STOCK COMPANY)**

**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**

---

For the three and six month periods ended June 30, 2019

**10. OPERATING SEGMENTS**

Operating segments are identified on the basis of internal reports about components of the Company that are regularly reviewed by the Company's Board of Directors in their function as chief operating decision maker in order to allocate resources to the segments and to assess their performance.

Transactions between the operating segments are on normal commercial terms and conditions. The revenue from external parties reported to the Board is measured in a manner consistent with that in the condensed statement of income.

Segment assets and liabilities comprise operating assets and liabilities.

There have been no changes to the basis of segmentation or the measurement basis for the segment profit or loss since December 31, 2018.

Segment assets do not include (in respect of insurance operations) property and equipment, due from shareholders' operations, cash and bank balances, prepaid expenses and other assets, premiums and reinsurance balances receivable, net. Accordingly, these are included in unallocated assets and are managed and reported to the chief operating decision maker on a centralized basis.

Segment liabilities do not include (in respect of insurance operations) employees' end of service benefits, Reinsurers balances payable, accrued expenses and other liabilities. Accordingly these are included in unallocated liabilities and are managed and reported to the chief operating decision maker on a centralized basis.

These unallocated assets and liabilities are not reported to chief operating decision maker under related segments and are monitored on a centralized basis.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

For the three and six month periods ended June 30, 2019

12. ZAKAT AND INCOME TAX (CONTINUED)

**Status of assessments**

The Company's zakat and tax calculations and corresponding accruals and payment of zakat and tax are based on the ownership percentages which are 74.97% for zakat and 25.03% for the tax.

The Company has submitted its zakat and tax returns up to the period / years ended 31 December 2018 and obtained the required certificates and acknowledgements. General Authority of Zakat and Tax "GAZT" has raised final assessments for the period / years ended 2009 to 2013 with additional Zakat and withholding tax (WHT) liabilities amounting to SR 11.2 million and SR 8.9 million respectively. The company has submitted an appeal against the GAZT's assessments and GAZT's review is awaited.

The zakat and tax charge for the six-month period ended are as follows:

	30 June 2019 (Unaudited) SR	- 31 December 2018 (Audited) SR
Charge for zakat for the period	3,835	8,334
Charge for income tax for the period	442	1,490
Charge for deferred tax for the period	166	(104)
	<u>4,443</u>	<u>9,720</u>
Zakat and tax provision at the end of period	<u>40,461</u>	<u>38,153</u>

**Deferred Tax**

Others	12,004	120,040
	<b>40,000</b>	<b>400,000</b>

14. CAPITAL MANAGEMENT

The Company manages its capital to ensure that it is able to continue as going concern and comply with the regulator's capital requirements of the market in which the Company operates while maximizing the return to stakeholders through the optimization of equity balance. The capital structure of the Company consists of equity attributable to equity holders comprising paid share capital and reserves. The operations of the Company are subject to local regulatory requirements in the Kingdom of Saudi Arabia. Such regulations not only prescribe approval and monitoring of activities but also impose certain restrictive provisions e.g. capital adequacy to minimize the risk of default and insolvency on the part of the insurance companies and to enable them to meet unforeseen liabilities as these arise. In order to maintain or adjust the capital structure, the Company may issue right shares. As per guidelines laid out by SAMA in Article 66 table 3 and 4 of the Implementing Insurance Regulations detailing the solvency margin required to be maintained, the Company maintains solvency margin equivalent to the highest of the three methods as per SAMA Implementing Regulations.

The Company has fully complied with the externally imposed capital requirements during the reported financial period.
